▼ **Private Trips Summaries**

Haida Gwaii / Queen Charlotte Is.

Rated the #1 national park in N. America by National Geographic

This archipelago of 140 islands is home to abundant marine life and the powerful Haida culture. Whales, seabirds, and other marine mammals are numerous. Rainforests tower over the remote beaches. Hot springs and sailing are highlights. And visits to Haida village sites, modern and ancient, are unforgettable.

See brochure for details, maps, photos, dates and prices.

Whales & Totems

There is a special place to which the family lines of northern resident killer whales return each year. It is the Broughton Archipelago, a network of 200+ islands and protected channels beside BC's fjords. The area is also popular with other cetaceans: dolphins, porpoises, humpback and minke whales.

On this trip you'll sail and cruise the channels, view and listen to the whales, visit remote floating communities, walk the rainforest, and visit First Nations village sites, new and old, including a private guided tour of U'mista cultural centre.

See brochure for details, maps, photos, dates and prices.

Desolation Sound

Desolation Sound is one of the world's most popular cruising areas. Hundreds of sun-warmed islands lie in a protected sea between Vancouver Island and the snowy peaks of the Coast mountain range. Hiking, swimming, beachcombing, sailing, fishing and wildlife viewing are all highlights of trips in Desolation Sound, as is the opportunity to visit island villages that are home to artists and craftspeople.

Ask about combining this trip with a Whales & Totems trip for a "best of" adventure cruise.

Alaska Adventure Cruise

Cruise Alaska's fjords and island archipelagos on your family's private adventure ship, the 92-foot schooner Maple Leaf. This trip includes the best of Alaska's natural wonder and cultural history: glaciers and icebergs, whales and other marine mammals, bear viewing, grand Alaskan rainforests, historic towns and culture, and plenty of time for cruising, beachcombing and sailing.

Wild BC and Alaska Tours by Sail

A Frommer's "Trip of a Lifetime"

Since 1986, trips with Maple Leaf Adventures have been described by guests and international media as the "Trip of a Lifetime".

Turn the page to start arranging yours.

Join us and experience the amazing natural wonders of the British Columbia and southeast Alaska coast. Your 5-day to 11-day tour explores this vast paradise of 50,000 islands and 40,000 km of shoreline.

Relax, rejuvenate and learn as you sail on a beautiful schooner through fjords and archipelagos. You will visit the best areas at the best times to see them.

On Maple Leaf, the proximity you will feel to the coast's natural wonders is incomparable with any other form of water travel.

Sail with an escort of dolphins. Feel the spray from waterfalls driving straight to the sea. Walk into ancient forests that are some of the most unspoiled on the planet. The education you'll receive from our onboard naturalist, and from elders and coastal residents we visit, will enliven your world further.

You will encounter peak times for natural events like whale and bird migrations, and grizzly bear salmon fishing. You'll be well cared for by our chef and experienced crew who will interact with you as an individual, rather than as a number in a crowd.

Northwest coast cultures we visit include the Haida, Haisla, Kitasoo and Kwakwaka'wakw.

General and Booking Information

Family & Friends Trips

Planning a family reunion? Thinking of spending some special time with friends?

Over the years, a number of extended families or groups of friends have booked a whole charter. They say it provides them quality time in an unhurried, magical atmosphere, allowing them to connect on a deeper level than in our normal "hurly-burly" world. Not to mention that the crew, chef and naturalist take care of the logistics!

If you think this is something you'd like to do, call us to discuss. Advance notice to book an entire trip is required, so let us know as soon as possible so that we can accommodate your plans.

About Our Company

Maple Leaf Adventures has been operating trips focused on the natural history of B.C.'s northwest coast and Alaska, and the culture of the First Nations peoples of the areas, since 1986. We have a reputation for quality, professionalism and sensitivity to both the natural and cultural landscapes.

Our institutional clients have included the Royal BC Museum, The Canadian Museum of Civilization and the John G Shedd Aquarium. Our company has been recognized by the Canadian government as a leader in eco-tourism and our trips have been featured internationally in such travel guides as *Frommer's* and on the Oprah Winfrey television show.

How to Book Your Trip

To book, we welcome your call or email (see back page for contact info). We accept cheque, visa or master card. You'll receive a trip planning booklet and we are always here to help you.

About Our Trips and the Ship

Our trips take place in the best areas and at peak times for natural phenomena; therefore they originate from different places on the coast. Our guests fly, drive, or take a ferry to meet us at trips' point of origin, which maximizes the amount of time we are able to spend exploring our chosen areas.

A small group of **8 guests** allows us the flexibility to respond to special natural events, weather, and the interests of our group.

Our days are full but our pace is unhurried, giving time to linger with whales, sketch in a Haida village, beachcomb, and walk ancient forests. We go ashore often to experience the entire place, not just the view.

Expert naturalists accompany you on every voyage. Veterans of local field research, they share

their expertise and abundant knowledge on a very understandable and enjoyable level. Our chef prepares amazing meals and snacks fresh every day.

Maple Leaf is a beautiful 92-foot schooner, certified by Transport Canada. She has a long and enviable reputation on the coast. Her accommodations are very comfortable. The spacious main cabin is airy and divided by curtains and walls into four "cabins," providing sleeping accommodations for eight guests. Mahogany and fir line the galley, dining salon and wheelhouse. She has an extensive library and three decks.

Recommended by the Vancouver Aquarium as an ocean-friendly seafood choice.

Frequently Asked Questions

Q. Is this trip suitable for me?

A. Anyone is eligible so long as they are enthusiastic about participating, amenable to the vagaries of weather, agile enough to clamber in and out of shore vessels in an area where there are no docks, and friendly enough to get along in the relatively close quarters of a sailing yacht. We have had people on board as much as 80 years of age. However, our trips are not suitable for people of failing health or physical disabilities.

Q. What is included in the price?

A. Our price includes all meals, activities and guides throughout your voyage in the region you are visiting. Specifically included:

- All meals, snacks and beverages prepared from the freshest ingredients by our superb chef.
- Fine wines featured with the evening meal, and a limited amount of beer included and available throughout the trip. (Liquor is not a large part of our trips, so plan on light consumption).
- The services of our naturalist and professional crew.
- Shore excursions (there are several each day).

- Use of all gear available on board, including raingear, sea boots, kayaks and fishing gear.

Not included in our price:

- Transportation to the trip's point of origin.
- Goods and Service Tax (Canadian trips only)
- Crew gratuities
- Sustainability Fee. As a professional ecotourism company, it is at the core of our operating principles to work with local communities, respecting regulations and contributing to local opportunities. Responsible operations cost a little more. We extract from the fare a percentage of the increased costs that go towards sustainable communities add it to the list price as a 'sustainability fee' of \$100 per trip. Through it we hope our guests share in the pride that a trip with Maple Leaf is a contribution to the sustainability of the whole coast – as well as being the experience of a lifetime!

Q. Can you accommodate my special diet?

A. Yes. If you advise us in the pre-trip questionnaire we can accommodate most special dietary requirements.

Q. Will I be seasick?

A. Sea sickness is rarely a problem as Maple Leaf is a sturdy and sea-kindly ship. We travel short distances in protected waters and go ashore often.

Q. Can I be involved in sailing the ship and performing other duties?

A. Absolutely yes. We encourage our guests to participate in any aspect of the trip that interests them and to whatever level they are comfortable with. We are patient instructors (no yelling) and delight in helping people learn. On the other hand, you are not required to sail or perform duties while on your vacation. The choice is yours.

Q: What makes you an eco-tourism company?

- A:
- Our trips have low impact (virtually no impact) on the planet and on the places we visit.
 - We partner with local people. We have protocol agreements either signed or in process with First Nations in territories we visit.
 - Our naturalists – experts in their fields – and other knowledgeable crew members provide a wealth of knowledge on the areas we visit, as do our First Nations guides.
 - We work within the regulations of parks and conservation areas, pay the applicable fees and obtain permits for all limited-use areas we visit.
 - We dedicate time and resources to preserving the wilderness we travel in.
